We are the makers

We source the cotton, spin the yarn, knit, dye, and cut the fabric, and sew the clothes.

From start to finish, we make apparel with respect for resources, both human and natural.

This requires a keen eye on every part of the supply chain, which we can do because we own the vast majority of it. Every water source, every unit of energy, every ergonomic workstation, we hold ourselves accountable for, paying as much attention to what goes into the work as what comes out of it.

ST9600 Clive Crew Neck

ST9700 Claire Crew Neck for women

Stedman's cotton-elastane series has become one of the most popular T-shirt ranges for promotional purposes. The highquality, stretchy fabric made of 95% combed cotton and 5% elastane is incredibly soft on the skin and very comfortable to wear. The "full feeder" technology allows elastane to evenly spread over the entire fabric, which leads to a smooth surface that is excellent for printing.

This year more sizes and colours have been added. Clive Crew Neck for men is available in sizes S-3XL, while Claire Crew Neck for women now ranges from S-2XL.

T-SHIRTS V-NECK

STEDMAN® DEAN DEEP V-NECK ST9690 PAGE 49

Just like the popular Clive & Claire line, Stedman's Dean Deep V-neck features high-quality, stretchy fabric made of 95% combed cotton and 5% elastane that is incredibly soft on the skin and very comfortable to wear. The "full feeder" technology allows elastane to evenly spread over the entire fabric, which leads to a smooth surface that is excellent for printing. This fashionable fitted men's T-shirt is available from S to XXL and is perfectly suited as an undershirt due to its above average length and stretchy material.

We are the makers

We source the cotton, spin the yarn, knit, dye, and cut the fabric, and sew the clothes.

From start to finish, we make apparel with respect for resources, both human and natural.

This requires a keen eye on every part of the supply chain, which we can do because we own the vast majority of it. Every water source, every unit of energy, every ergonomic workstation, we hold ourselves accountable for, paying as much attention to what goes into the work as what comes out of it.

Areas of focus

RESPECT FOR THE ENVIRONMENT

RESPECT FOR CIRCULARITY

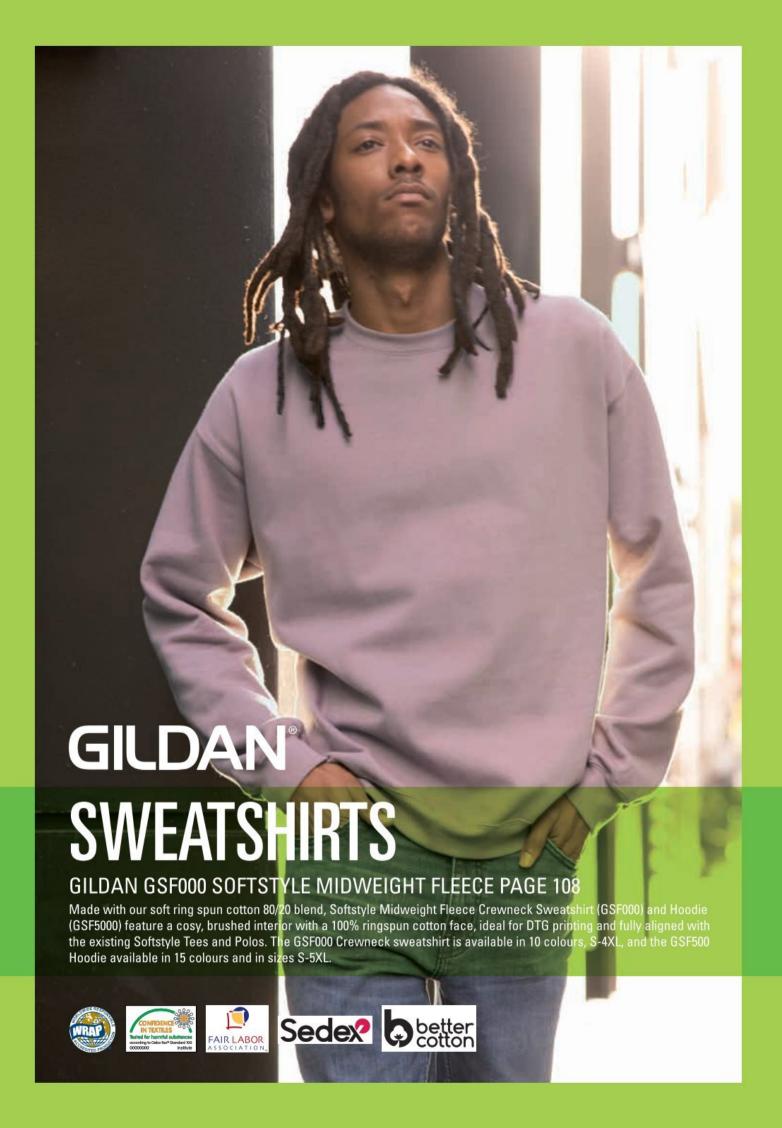

RESPECT FOR

RESPECT FOR COMMUNITIES

RESPECT FOR TRANSPARENCY

OUTDOOR FLEECE

REGATTA TRF532 PAGE 162

Keep the chill off with the Thor III fleece. The men's fleece is crafted from an anti-pill fleece for long-lasting wear. It's quick-drying too, drawing moisture away from the skin to keep you comfortable. The super-soft fleece comes with zipped pockets, perfect for your valuables.
