A long time in *the making...*

Our *biggest* shake-up yet

As game changers, we're constantly looking for ways to reinvent fashion for a better world, ensuring our garments are the best they can be whilst still meeting your evolving needs.

This collection signals one of our biggest shake-ups yet and has been a long time in the making. It's the result of two years of in-depth research and development based on thousands of tests, discussions with our customers, retail trends across key global cities, and innovation in the apparel decoration industry.

This collection shows no concession on quality – the consequence of our dedication and hard work, pouring in our heart and soul.

STANLEY
/STELLA

← Our Iconics 2.0 Range

A relentless quest for quality led us to reset our Iconics, so we're proud to now reveal the uplifted Iconics 2.0 Range.

Our Iconics Mid-Light Range

Our Iconics Mid-Light Range bring a new focus to lighter-weight fabrics. Finding iconic styles that are perfectly suited for mid-season, as well as warmer climates and specific purposes, just became easier.

Celebrating women

We believe every woman deserves the perfect t-shirt. That's why we revitalised our women's short sleeve t-shirt range to create fresh, modern styles that align with the desires and aspirations of women of all backgrounds, ages and body types. Styles that celebrate women for who they truly are – inside and out.

STANLEY/STELLA

ICONIC

The new Iconics Range signals one of Stanley/Stella's biggest shake-ups yet. It's the result of two years of in-depth research and development based on retail trends across key global cities, and innovation in the apparel decoration industry.

TRENDS
20
24

In the ever-evolving world of fashion materials, modern t-shirt fabrics have become a pivotal force, reshaping the way we perceive comfort, style and sustainability – from innovative blends incorporating organic materials to advanced technologies enhancing performance and comfort.

Recycled fabrics

These are made from pre-consumer and post-consumer waste materials like discarded textiles, fibres and other synthetic materials. They are collected, processed and spun into new yarns and are a great way to reduce waste and environmental impact, as they require less energy and water to produce than virgin materials and help to extend the life of clothing.

AM012

Polyester blends

Blending polyester with other fibres creates a durable, wrinkle-resistant fabric. Polyester blends often offer improved moisture-wicking properties and quicker drying times when compared to pure cotton, making them suitable for active and outdoor wear.

JT099

100% organic cotton

Organic cotton is cultivated through organic practices, abstaining from synthetic pesticides, insecticides and genetically modified organisms. Organic cotton farming reduces environmental impact, maintains soil fertility and preserves biodiversity. This sustainable approach extends to water conservation, promoting efficient irrigation methods.

EAOO1

Airlume and ringspun cotton

This is a premium choice cotton characterised by its luxurious feel. Through the Airlume combing process, shorter fibres and impurities are removed, leaving behind longer, refined fibres. When combined with ring spinning, which produces a finer yarn, the result is an exceptionally soft and durable fabric, known for its comfort, breathability and enhanced printability.

Future female fashion

Micro rib t-shirts have emerged as a sought-after trend in female fashion for several compelling reasons — we are pleased to bring them in for 2024, as the latest offering from Bella+Canvas.

The micro rib fabric ensures a snug yet comfortable fit, contouring the body for a sleek and flattering silhouette. This design subtly enhances natural curves, offering both comfort and style. The ribbed texture adds depth and detail, setting them apart from plain t-shirts, whilst infusing an appealing visual element that elevates their overall fashion statement.

The Bella+Canvas micro rib t-shirts offer comfort, style, versatility and sustainability, positioning themselves as a promising choice in the progressive landscape of female fashion.

Polycotton

Polycotton blends combine the strength of both synthetic and cotton fibres. Cotton gives a softness to the fabric whilst polyester fibres add crisp texture, offering better durability than cotton and much more tear resistance.

AQ015

Cotton

Cotton is a natural hypoallergenic fabric – softer to the touch and recyclable. It's breathable, so is great for summer garments. With good colour retention.

It all started with

just one hoodie...

In a mere twelve years, AWDiS has ascended to the pinnacle of the casualwear industry, captivating the hearts and wardrobes of fashion enthusiasts worldwide.

From its humble beginnings, AWDiS has revolutionised the hoodie landscape, introducing a plethora of styles, colours and innovations that have set it apart from the competition.

The original, iconic JH001 hoodie

Launched in 2008, with just 30 colours, the JH001 hoodie evolved into a fashion staple, now boasting **an impressive palette of 91 colours**. This remarkable expansion reflects AWDiS' unwavering commitment to providing customers with the widest range of options to express their individuality.

What truly sets AWDiS apart is the quality of its fabrics, particularly the premium AWDiS College fabric used to create the JH001 hoodie. This industry-leading material features a 100% cotton face, resulting in a remarkably smooth and flat surface. This unique characteristic ensures an even spread of ink, translating into stunningly vibrant and high-quality prints that elevate the hoodie's visual appeal.

The power of colour trends for a modern brand

Adopting current colour trends for your brandable clothing isn't just about aesthetics – it's a strategic move that speaks volumes about your brand's relevance and adaptability. Staying attuned to colour trends ensures that your team presents a modern and cohesive image, resonating with contemporary sensibilities. It communicates that your brand is not just part of the current conversation but is leading it.

Aligning with popular colour choices can create a memorable visual identity, fostering a sense of unity and professionalism. By incorporating trending colours into your brand uniform, you not only enhance your visual appeal but also demonstrate a commitment to staying dynamic and in sync with evolving market preferences.

Personal expression

Users can express their unique style, interests or creativity by customising the design of their sliders. This offers a more personal and individualised fashion statement.

Athleisure *recycled*

2024 sees TriDri continuing their ethical and environmental commitment, in line with the performance of their sportswear.

Recycled →

TriDri include recycled and organic materials in their athleisure range.

Utilising recycled materials helps reduce waste and lessens the demand for new resources, while incorporating organic materials often means a reduced environmental impact during production. Such initiatives can lead to a product line, more appealing to consumers who prioritise sustainability in their purchasing decisions.

Icons to look out for

Organic Cotton

Grown with no harsh pesticides or chemicals and fairness to all parties involved in production.

Recycled Nylon

Pre-consumer fibre waste is created into chips, spun into fibres and knitted into fabric.

Spun Dyed

Dyed prior to the spinning process, meaning 75% less chemicals are used in the process, 66% less water and 60% less CO₂.

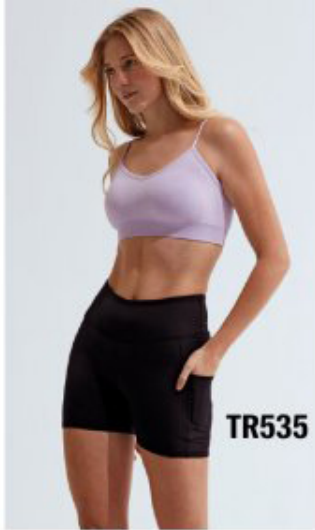

Recycled Polyester

Derived from post-consumer plastics that would otherwise have gone to waste.

Innovation, performance and *style redefined*

Under Armour's brand-new collection for 2024!

Get ready to experience innovation, performance and style redefined with this new collection for 2024! As a frontrunner in athletic apparel, Under Armour continues its ethos of pushing boundaries and setting new benchmarks in sports fashion.

Performance revolution

Elevate your everyday style with Under Armour's street-to-studio designs. The 2024 collection introduces versatile apparel that effortlessly transitions from workout sessions to casual outings, combining functionality with urban flair.

Street to studio

Expect vibrant colours, bold patterns and dynamic designs in the new collection. Under Armour brings forth a palette that energises and inspires, allowing individuals to express their unique style while embracing the brand's performance-driven ethos.

Bold aesthetics

Under Armour's latest collection introduces revolutionary designs engineered for peak performance. Embrace advanced materials and innovative construction that optimise movement, breathability and support, empowering athletes to reach new heights in their pursuits.

Futuristic innovations

Explore futuristic elements and forward-thinking designs integrated into the collection. Under Armour introduces tech-infused apparel, merging style and functionality for a truly modern athletic experience.

Introducing

Under Armour Golf

Under Armour's latest golf range is meticulously designed to elevate your game on the course. This new collection encompasses an array of essential elements tailored for golf enthusiasts, featuring innovative polo shirts, versatile midlayers and sleek caps that blend functionality with flair.

Redefining apparel

The centerpiece of the collection, Under Armour's polo shirts, redefines golf apparel with a fusion of advanced technology and timeless style. Crafted from moisture-wicking fabrics and designed for maximum breathability, these polos offer unparalleled comfort throughout your game. Their sleek, tailored fit ensures unrestricted movement, while strategic ventilation keeps you cool and focused, enabling you to swing with ease and precision.

Insulation and flexibility

For transitional weather conditions, the midlayers in Under Armour's range stand as a testament to versatility and performance. Engineered to provide warmth without compromising mobility, they offer the perfect balance between insulation and flexibility. Constructed from lightweight yet insulating materials, they serve as an ideal layering piece, keeping you comfortably warm during chilly mornings or breezy afternoons on the fairway.

Complete your ensemble

Complete your golf ensemble with Under Armour's stylish caps, designed to add both sun protection and a touch of sophistication to your look. These caps feature moisture-wicking technology, ensuring sweat-free comfort, while their breathable design prevents overheating. With a variety of colours and designs available, they effortlessly complement your golf attire, adding a final flourish of style to your game.

2024 t-shirt trends

A fusion of comfort, expression and responsibility

Tie-dye
TD09M

Organic/recycled

JT099

In the dynamic world of fashion, the timeless t-shirt adapts to shifting cultural landscapes, embodying diverse trends for 2024. Expect a harmonious mix of elevated comfort and bold expressions, plus an unwavering commitment to sustainability.

Taking centre stage are t-shirts made from environmentally-friendly materials like **organic cotton** and **recycled polyester**. Our partnered brands are trailblazers in the realm of sustainability, boldly adopting practises such as water conservation, waste reduction, energy efficiency and ensuring fair labour practises without compromising on quality or style.

A rise in silhouette shifts for versatile style includes **oversized** and **boxy t-shirt fits**, offering a blend of comfort and style. The design often includes dropped shoulders, wider sleeves and a length that extends past the waistline for that oversized feel. Boxy fit tees are known for their effortless and laid-back vibe – perfect for creating a modern and streetwear-inspired outfit.

Emerging as a canvas for self-expression and a symbol of the year's contrasting trends, **graphic t-shirts** will make a resurgence, reflecting the desire for bold statements and individuality. **Stonewashed** and **tie-dye** fabrics will inject a sense of nostalgic vibrancy reminiscent of the '70s and '90s.

Opening doors to new opportunities

This collection is set to revolutionise a wide range of industries. It's ideal for traditional clinical settings such as dentistry, medical, veterinary and care homes, as well as the ever-growing beauty industries that include spas, hair salons, cosmetic and aesthetic practices. Childcare providers and housekeeping teams should also consider the Onna range as a practical uniform solution, due to comfortable four-way stretch which enables them to flex, stretch and bend.

***And we know
you're going to
love the results!***

It's a uniform solution that has been specifically designed for today's health and beauty professionals and includes tunics, trousers and under-scrubs made with super four-way stretch for easy movement and all-day comfort. Durable, crease-resistant and easy care, the collection features men's and women's styles in a range of team colours. Colour sets the tone of your workplace – so whether your customer is going for reassurance, precision or healing, Onna has it covered with these contemporary twists on classic colours.

ARTISAN'S CHOICE

This artisan-inspired apron is designed so it can be worn as a bib or waist style. Rounded edges create soft lines, whilst the eyelets provide an 'industrial-chic' feel. Adjust the overall height with a knotted neckband and store your essentials in the double centre pocket.

FOLD DOWN TO FORM A HALF-WAIST APRON

- Rounded edges
- Gunmetal/antique brass eyelets
- Mitred double pocket
- Adjustable knotted neckband and matching waist ties that can be fastened to the front or back

KEEP COSY!

Warmth

WITHOUT THE

wattage

Combining fleece hoodies, water bottles and blankets brings a multilayered approach to indoor warmth and comfort from the cold conditions outside, whether you're watching a movie, reading a book or simply relaxing. By wrapping yourself in these snug layers, you create a haven of tranquillity while gently reducing the need for extra heating, embracing a softer, cosier approach to staying snug throughout the chillier seasons.

Superior warmth

Fleece fabric is known for its insulating properties, providing warmth without being overly heavy or bulky. It retains heat effectively, making it an excellent choice for cooler weather.

Soft, cosy, bottom layers

Luxurious, Eskimo-style, comfortable, easy-to-wear pants are great for the cold winter months. Cosy, thick microfleece keeps you warm in ultra-soft fabric for extra comfort.

Hooded designs

A hood adds an extra layer of warmth and protection for your head and neck, especially in windy or colder conditions.

Discover soft-to-touch warming comforts for everyone in the house!

Investing in

fabric technologies

From embracing retro styles to high-tech textiles, our products lead the way in capturing the essence of industry trends. We ensure your brand attire doesn't just mirror fashion, but embodies the evolution of comfort and performance.

Functionality first

Our stretch-enhanced fabrics are meticulously crafted for exceptional flexibility, enabling you to move with freedom, effortlessly flexing, stretching and bending to your heart's content. They not only elevate your style but also empower you to perform at your absolute best, ensuring that every movement is met with comfort and functionality.

Retro and nostalgic

The resurgence of '90s trends brings forth a nostalgic revival of an era characterised by its distinctive style. It's a tapestry of familiar yet reimagined styles that effortlessly bridge the gap between the past and the present, resonating with an audience seeking both comfort and a timeless sense of style.

Thermoreflect
strategic lining

Tech-inspired

Smart textiles showcase remarkable capabilities. These include temperature regulation for adapting to varying weather conditions, moisture-wicking properties ensuring dryness and comfort during physical activities.

The *benefits* of adding-on

Add-on sales are a great way to develop your business, as well as enhancing the experience of your customers. By strategically suggesting complementary accessories or co-ordinating items, you can 'complete the look'.

IDEAL ADD-ONS

From a cap to an outdoor jacket, adding-on builds your offering, helping customers and potentially increasing your profits.

COMPLETE THE LOOK

Offering a complete look makes it easier for your customers to see how their brand works as a complete uniform.

EXPAND YOUR PORTFOLIO

By adding-on, you can offer more options to your customers and increase sales.

COMPLETE your order and the look by adding...

The *perfect* print surface

Cotton canvas is the undisputed champion of tote bag printing material for a reason...

Its inherent versatility, durability and print-friendliness make it the perfect canvas for showcasing your brand, message or design.

This natural fibre's open weave structure allows ink to adhere seamlessly, ensuring that your designs retain their vibrancy and sharpness for years to come. Additionally, cotton canvas's breathable nature prevents warping and cracking, further enhancing the longevity of your printed bags.

Nutshell® is our range of reusable shopping bag designs in a rainbow of 46 colours.

They're strong and sturdy for shopping, this multifunctional bag is an economical choice for creative imprints and decoration for a wide range of customers.

So if you want to bag some green credentials, you've got it in a Nutshell®!

Forest Night

Perfect for any occasion

Mumbles bears stand out for their endearing charm, adorable designs and remarkable versatility. These cuddly companions hold immense potential as personalised gifts and promotional items. As well as traditional bears, the range includes Printme's, Zippies and the NEW Squidgy's range, ideal for direct decoration.

The customisation options available with Mumbles are truly endless, allowing businesses to cater for diverse target audiences and marketing objectives. The key to Mumbles' customisation success lies in their innovative zip design. These adorable plush toys feature a hidden zip that offers easy access to their soft, plush interiors. This provides a canvas for creativity, allowing you to personalise your Mumbles with embroidery, appliqués or even custom-printed fabrics.

►► Mumbles – ideal for three great sectors...►►

1 ►► Events and seasonal celebrations

From Christmas to Valentine's Day, from sports events to corporate milestones, Mumbles can be adorned with festive attire, team colours or company branding, making them the perfect companions for any promotional campaign.

2 ►► Branded promotions

In the promotional arena, Mumbles' adorable and customisable features make them ideal for brand mascots, leaving a lasting impression on recipients with embroidered logos or brand-specific messages.

3 ►► Gifting

For the gifting market, whether it's a birthday gift for a child or a graduation memento for a loved one, Mumbles can be personalised with names and messages, adding a touch that makes them truly special.
